NETAFIM USA EXPANDS LINE OF DISC-KLEEN FILTER PRODUCTS FOR THE LANDSCAPE AND TURF MARKET

Fresno, CA – Netafim USA, the industry leading manufacturer of drip/micro irrigation systems, has expanded their landscape & turf product offering to include a line of disc-kleen filters. Netafim's proven disc technology filters water throughout the entire depth of the disc ring not just at the surface (as with screen filters) providing highly effective filtering. Their additional benefits include: non-corrosive components, small footprint, quick installation and efficient backflushing.

- **2" Compact Disc-Kleen Filter**
For irrigation systems with a capacity of 1 to 80 GPM, requiring clean water to operate drippers
- **2" & 3" Disc-Kleen Filters**
For residential, multi-family developments and commercial applications
- **Galaxy Disc-Kleen Filter**
The industry's most compact commercial filter

Awarded **ISO 9001:2000 Certification** by the International Organization for Standardization – Netafim USA is the largest growing division of the Netafim International Group, the pioneer of micro-irrigation technology. With over 44 years in the irrigation industry and global expertise in more than 120 countries, Netafim offers a full-line of products for a variety of markets including agriculture, landscape, greenhouse, nursery, mining and wastewater. Netafim USA is headquartered in Fresno, California.
