FOR IMMEDIATE RELEASE  
June 19, 2009

### NETAFIM USA UPDATES EXISTING PRODUCTS TO MEET THE NEEDS OF THE LANDSCAPE AND TURF MARKET

**Fresno, CA** – Netafim USA, the industry leading manufacturer of drip/micro irrigation systems, has made recent changes to their Low Volume Control Zone Kit and In-Line Check Valve.

#### **Low Volume Control Zone Kit is Now Available with No Control Valve Option**

Netafim's pre-assembled valve, filter and pressure regulator kit is now available with "No Control Valve" option providing more options to landscape contractors.

#### **In-Line Check Valve Prevents Water Backflow and Drainage**

Netafim's In-Line Check Valve new body design prevents water backflow and drainage. Manufactured from durable materials for reliable operation and designed with a large inlet opening to reduce head loss, the new In-Line Check Valve is also available with a wide range of flows to meet a variety of applications.

Awarded **ISO 9001:2000 Certification** by the International Organization for Standardization – Netafim USA is the largest growing division of the Netafim International Group, the pioneer of micro-irrigation technology. With over 44 years in the irrigation industry and global expertise in more than 120 countries, Netafim offers a full-line of products for a variety of markets including agriculture, landscape, greenhouse, nursery, mining and wastewater. Netafim USA is headquartered in Fresno, California.
